演讲嘉宾 Speaker

Zhe Wang 《自然-细胞生物学》副主编

王哲博士于2012年获得美国普渡大学的博士学位。博士期间他与Harm HogenEsch博士共同致力于研究SHARPIN在炎症中的作用及其与自身免疫性疾病的关联。随后王博士加入美国安德森癌症中心Patrick Hwu的实验室研究癌症免疫治疗的宿主抗性。王博士曾在The Journal of Experimental Medicine担任科学编辑, 现任Nature Cell Biology审稿编辑。

Dr. Zhe Wang received his PhD from Purdue University in 2012. His doctoral work with Harm HogenEsch aimed to understand the role of SHARPIN in inflammation and its relevance to autoimmune diseases. Zhe then joined the lab of Patrick Hwu at MD Anderson Cancer Center, where he studied host resistance to cancer immunotherapy. Zhe worked as scientific editor at The Journal of Experimental Medicine before joining Nature Cell Biology.
